

Hi everyone on our email list!
Please forward to your friends, and come along to the.....

**Tamar Bicycle Users Group
PUBLIC MEETING**

The Foundation Meeting of the Tamar Bicycle Users Group (formerly known as the Launceston Bicycle Users Group) will be held on:

Thursday, June 4, 2009, 7pm

At: Invermay Bowls Club, Cnr Invermay Rd and Forster Sts (Aurora Stadium side).

Come and hear of the progress on infrastructure and safety that the Working Group has achieved for Launceston and the Tamar region since the February public meeting. Get involved to make all forms of cycling safer and more popular.

Business will be:

- acceptance of the new BUG name,
- adoption of the Constitution and
- election of office bearers.

This will be your chance to become one of the Foundation Members of the new (and to be long-lived and successful) Tamar BUG!

While LBUG has existed for a few years now, the new TBUG will be able to expand its work and activities to a higher level. With incorporation we will be able to gain funding, with insurance we will be able to run more activities and events, and with good organisation we will be active advocates for cycling in the region. This is an exciting time to be part of the BUG, as councils and governments are beginning to appreciate the value of cycling and commit to cycling infrastructure. We have already made a difference by participating in council bike committees and making submissions which have been well received. And much more!

Documents such as the draft Constitution and Strategic Plan will be available before the meeting for your inspection (emails to follow).

Further details:
Malcolm Cowan 0417 573 991; Anna Povey 6334 6633

Regards
Anna
