

Hi TBUGers

This Sunday we will be riding along a proposed cycle route between the northern suburbs and the city along Holbrook St (which would one day incorporate a bridge over the North Esk, if supported). We would like to assess the proposal, so that we can provide feedback to the Launceston City Council Bike Committee, which is investigating this route possibility.

Meet on the North Esk levee (south side) at the Shield st, Esplanade junction at 9:30am on Sunday 11th, but please contact us first (fovey@intas.net.au) so we get an idea of numbers.

Roger and Josh have hardcopies of the proposal, or you can download from:

<http://tbug.bushgully.com.au/temp/CRISP%20Report%20Route%201%20North.pdf> (15MB)

<http://tbug.bushgully.com.au/temp/19189%20Research%20Report.zip> (172KB)

The proposal is the ridiculously large file (though not that big a report actually), while the small report is a summary of surveys etc done of people.

CYCLE TOUR TO MOLE CREEK 17TH AND 18TH OCTOBER

On another note, we have an overnight tour coming up the following weekend. The route is from Prospect (or join at Deloraine) to Mole Creek, and return the following day by a different route. Please contact Peter Ford.

Mole Creek Overnight Touring	17/18 October	Choose where you join in (see description below)	Peter Ford 6394 3516 evonpeter@yahoo.com
-------------------------------------	------------------	--	---

Meet Saturday, 8.30am at the Casino car park in Prospect. Ride to train park at Deloraine for lunch (43km). Join the ride there if you like. Depart Deloraine at 12.30pm. Ride to Mole Creek via Red Hills, Western Creek and Caveside (55km). Camp at Mole Creek Caravan Park (\$8/person). On Sunday ride along main road to Deloraine (30km). Of course it's another 43km back to Casino. If you've never toured before, this is a great chance to learn how!
